

Re: all paperwork

3-29-14

Hi Curt,

My experience with you and Roof Pros was very easy and very professional. I was always kept up to date on the progress and everything was always delivered as promised. You always communicated on the progress and always returned phone calls promptly and answered any questions I had. I honestly thought that replacing a roof would be a difficult task, but you definitely made it very easy and pain-free. The quality of work was excellent and well as the cleanup. Thank you for all that you've done to make it a wonderful, convenient experience!
